PEACE TERMS DEAL DEATH BLOW TO GERMAN MILITARISM

Paris, May 7.—The treaty of peace between the 27 allied and associated powers, on the one hand, and Germany, on the other, was handed to the German plenipotentiaries at Versailles today. It is the longest treaty ever drawn. It totals about 80,000 words divided into 15 main sections and represents the combined product of over a thousand experts working continually through a series of commissions since January 18th.

Paris, May 8.—The terms of the peace treaty spell the end of Germany as a military power. She is deprived of virtually all her fleet, her army is cut down to nominal dimensions and she is sharply restricted about the things through which she might seek to wage militarily to rehabilitate herself. Economically also, the future course of Germany is hedged about with stipulations intended to insure her ability to pay the indemnity demanded by the allies but to prevent her from exploiting her old time resources as a struggling competitor of the nations about her which she overran and devastated during the war.

Thus, for instance, Germany, for a period of years, at least, will be deprived of the coal output of the rich Saar basin which goes to France in repayment for the damage caused by the destruction of the French coal mines. She likewise is compelled to make restitution for the damage to other ways done to France, Belgium and the various other countries which suffered from Teutonic depredations in various forms. In numerous other ways she is made to realize that her more than four years' career of destruction must be made good.

There has been much discussion of the question whether the German delegates would sign the peace treaty. The Germans at first proposed to send messengers to Versailles to take the treaty to Berlin, but they were made to understand that delegates with power to sign the terms of peace must come, and this was done. Furthermore, the Germans will be allowed only a definite fixed time within which to sign the treaty.

Lutheran Convention at Clareholm

The Medicine Hat Circuit of the Norwegian Lutheran church of Canada will hold a convention on missions and church work at the Lutheran church, Clareholm May 25, 26, 27. The pastors and delegates from the congregation in the circuit are expected to be present and take part in the discussions.

The special feature for Sunday evening is the program under the auspices of the local Young People's Society.

A large attendance of farmers was present to hear President Wood of the U. F. A. on Thursday afternoon. The meeting was held in the Rex Theater. Mr. Wood gave a splendid address and outlined very clearly the plan to pursue to take political action and the necessity of taking action. The U. F. A. is in the political field for good and will probably absorb the Non-Partisan League. "A convention will be held at Macleod for this constituency to consider the steps that should be taken to prepare for the next election."

Tag Day for Frank Sanatorium

On Saturday, May 17, weather permitting, a Tag Day will be held by Foothills Chapter I. O. O. F. for the benefit of the Frank home for tubercular veterans. There should be a generous response to the appeal for this most worthy cause, especially as over six months have gone by since any tag day was held here.

First Step Towards Signing of Peace

Versailles. — In a session beginning at 3:10 o'clock and lasting barely five minutes, the German plenipotentiaries to the peace conference presented their credentials.

It was the first step in the peace negotiations.

The German credentials were presented to representatives of the allies and the United States.

Pale, and almost fainting from emotion, Count von Brockdorff-Rantzau, the German secretary and head of the peace delegation, sat through what evidently was one of the bitterest moments of his life. He was hunched forward, his head buried in his hands, his face buried in his hands, his face buried in his hands.

The meeting took place in the room of the Transian Hotel, previously used for the sessions of the supreme military council. Count von Brockdorff-Rantzau, on entering, was accompanied by Herr Landsberg, Professor Schucking, and two secretaries, and waiting for him the allied plenipotentiaries were grouped around Jules Cambon, former French ambassador at Berlin, who is chairman of the commission. Other members of the allied party included Lord Harding, Great Britain; Ambassador Matsui, Japan; and Henry Wilson of the United States.

M. Cambon immediately addressed Count von Brockdorff-Rantzau, stating that he was chairman of the commission entrusted by the allied powers to receive and examine the credentials of the German delegates, stating that he was chairman of the commission entrusted by the allied powers to receive and examine the credentials of the German delegates, stating that he was chairman of the commission entrusted by the allied powers to receive and examine the credentials of the German delegates.

After these brief ceremonies, the Germans turned, and left the hall, leaving the room empty.

waiting. They were followed immediately by the allied plenipotentiaries, the whole ceremony was over by 3:45 o'clock. The allied delegates then rode to the Chateau, where the treaty will be signed and received, and returned to the hotel for tea.

Chinese Being Deported

Victoria. — The record for deportation of Chinese from this port to China has been broken. On the steamer Canada Maru, 30 Chinese were deported to their native land after they had failed to enter Canada as would-be college students. Examination of the Oriental by the immigration officials has shown them unfit to enter college here. They appeared to be Chinese, but officials there refused to interview.

The glower that spoils a woman's face is a sign of terror.

Hope That Italy May Be Pacified

Paris. — There is a slight rift in the Italian cloud which gives hope of the clearing of the difficulties that have arisen in the peace conference over the Adriatic problem. Overtures for the resumption of relations have not come thus far from either direction but there are intimations from Rome that overtures from Paris might not be unavailing and would receive every attention.

The prevailing sentiment among the delegates is against soliciting a return of the Italian plenipotentiaries, as it was at first believed that President Wilson shared this opinion.

Those nearest the president, however, assert that if Italy is disposed to relinquish claim and accept the compromise the president suggested, he could double the interest of harmony, make such friendly suggestions as would permit the resumption of negotiations by the Italians without any loss of dignity or self-esteem.

These personal susceptibilities are felt to be more of an obstacle, as is evident from the territorial status of the case.

Rome. — The Rome newspapers in commenting on the Italian plenipotentiaries to the peace conference, and the speech before the parliament and the vote of confidence in his government, are

Would Not Accept Bribes

Budget. — Six hundred arrests have been made by the Soviet authorities, virtually every financial publisher, editor, writer, manufacturer, and economist of Hungary, who could be reached, being thrown into prison. More than thirty editors and newspaper owners, as well as a larger number of reporters have been taken into custody. It is alleged, however, they have received to accept bribes to champion the Soviet cause.

Says Poles Plan Advance on Germany

Impossible for Government to Guarantee That Armistice Will Be Maintained

Berlin. — Matthias Erzberger, chief of the German armistice delegation, in a note to Admiral Foch, made public in Berlin, says that Germany has reliable information that the Poles are planning in the next few days, an advance with large forces against German territory in Posen and upper Silesia. He adds that, therefore, it is impossible for the German government to guarantee that the armistice between Germany and Poland will be maintained if the Poles attack German territory.

After such an attack, the German government could not permit the free passage through Germany for France of the Polish troops of Gen. Haller.

To Enforce Five Day Week

Seattle. — Official announcement that a five day week would be enforced here, commencing May 3 was made by the building trades council, representing approximately 6,000 workers. No work will be done on Saturday and Sunday. The short week will also be put into effect in Tacoma and other northwest cities soon.

Want Wilson Back

St. Louis. — The chamber of commerce of the United States, representing half a million business men, unanimously adopted a resolution urging the immediate return to this country of President Wilson and an extraordinary session of congress to enact legislation necessary "to safeguard our social and business structure."

Belgians Ask Financial Aid

Paris. — The Belgians have asked the council of three for a first advance of two billion francs on their share of German indemnity, according to French circles, and it appears that they have received definite and satisfactory assurances.

It is reported that there may be a public lecture session of the conference to debate the responsibility articles of the treaty.

DISORDERS IN PARIS

Demonstrations Aimed at Government in May Day Celebration

Paris. — Serious disorders occurred in Paris on the occasion of the celebration of May Day. French blood flowed in the streets of Paris and weapons that so lately had been used against the "foes" were turned against friends, brothers and sisters. Particular efforts were made by the mobs to invade the La Concorde square, the chamber of deputies and the war ministry, where demonstrations had been planned. It was in these attempts that the casualties occurred. "Long live the Poles!" the crowd shouted at the Madeleine and in the Place de la Concorde as they surged toward the soldiers, and with pale, drawn faces, the infantry withdrew and allowed the mob to reach the Place de la Concorde against a wall of police and determined cavalry.

Albanian Revolt is Spreading

Rebels Have Force of Four Thousand Men

Saloniki. — The revolt in Albania against the Italian troops of occupation is spreading. According to advices to the Greek newspaper Hellas. The commander of the Italian troops in Albania has a force of 4,000 men.

Several hundred Albanians, it is added, have sent a message to the Italian commander in Albania, saying that they are ready to fight against the Italian troops in Epirus. The Italian commander has issued in the Padoaean Islands which it is declared that the islands have become united with Greece. Italy has issued orders to these islands, basing their sovereignty upon rights secured following the Turco-Italian war in 1911 and 1912.

Will Not Wait for Italians

Conference Has Decided to Go Ahead With Treaty

Paris. — It is planned in peace conference circles to go ahead with the treaty of peace without regard to any action by Italy, as it is considered probable the Italian delegation will not return, certainly not within the week. The delivery of the treaty and the different phases of the conference, therefore, will occur without the participation of Italy, and it is said that the procedure will be steady up to the signing of the treaty. When the first reading of the treaty is made, the conference will be held.

A day or two will be given for questions concerning interpretations of different phases of the conference, however, involving a prolonged discussion. The French view point is that the German may ask for two weeks' delay to permit them to return to Weimar, with an additional week for discussion of the points presented after their return from the temporary German capital. This is a matter of "speculation, however, as the German plenipotentiaries are not expected to return.

Reports from Berlin are somewhat contradictory concerning Germany's purposes as some reports indicate that an early signing of the treaty is probable, while others say that it is doubtful whether the German plenipotentiaries will be signed at all. These reports, coming from different sources, indicate a lack of concerted attitude as to the treaty and show there is disposition to leave the decision largely with the German plenipotentiaries who are now at Versailles.

Trial of Ex-Kaiser

London. — The Evening Standard claims that it has the highest authority for asserting that William Holstein-Koller will be prosecuted and tried, not as instigator of the war, but as one of the instigators of crimes as provided in the report of the commission on war responsibility.

Japan Wins Out

Transfer of Shantung Peninsula To Japan Without Reserve

Paris. — The agreement regarding the Shantung peninsula and Kiaochow, which has been reached between the council of three and the Japanese delegates, provides for their transfer without reserve to Japan, which voluntarily agrees to hand the Shantung peninsula back to China.

"The Kiaochow settlement is a clear victory for Japan," says the "Herald" correspondent. "The council of three has been hearing the Japanese delegates, arrived at the conclusion that the Japanese desire to be satisfied. Japan receives free disposition of Kiaochow in accordance with her treaty with China in 1915."

It will be left to the Chinese and Japanese governments to agree upon the details of the carrying out of the treaty of 1915 and the agreement made in 1918.

Few Unemployed

In Old Country

Large Numbers Have Been Absorbed by Peace Industry

London. — In defending the government's policy of donation to the unemployed, Sir Robert Stevenson, secretary of labor, said, "The house of commons said it was unnecessary to take a gloomy view of the unemployment question. Since the armistice, he said, four million persons have been demobilized from the army and naval and from civilian employment and one million remain unemployed. Eighty per cent of the demobilized soldiers, fifty per cent of the civilian workers and forty-five per cent of the civilian women, have been absorbed by the peace industry."

This, the minister added, was a remarkable achievement when it was remembered that the central empires and Russia, which had been taken one-fourth of the British exports, were still closed in trade, and that China, Japan and New Zealand, which used to take another quarter, were virtually cut off owing to the shipping difficulties.

Japs Oppose Language Bill

Honolulu. — The foreign language school bill strongly opposed by Japanese, was tabled by the senate of the territorial legislature.

The foreign language school bill provides that to obtain certificate teachers must show a knowledge of the English language, U.S. history and U.S. civics.

Japanese editors and educators declared passage of this bill would force Japanese language schools to close. The Japanese recently adopted resolutions declaring further efforts would be made for "Americanization" and urging the bill not be passed.

Air Squadron for Russian Service

London. — Major Raymond Collins, the noted Canadian aviator, has been authorized to form a squadron for service in Russia. He is selecting the personnel of this squadron, which will include several well-known Canadian aviators.

Aliens are Barred

Ottawa. — Dating from May 2, entry into Canada of Doukhobors, Hutterites and Mennonites is prohibited. The western agitation has at last been ended and the order in council, which has been in force since last year, is now in effect.

Italians Advancing Eastward

Copenhagen. — Italian troops and war material are being landed at Sotchi and Gagra on the coast of Georgia, according to advices from St. Petersburg. The troops are advancing toward the north, bringing up reinforcements to the demarcation line.

Opinions Differ Over Kiaochow Award

Premier Given Free Hand

Paris. — The French press, in commenting on the speech of Premier Orlando before the Italian parliament, finds a spirit of conciliation marking the address. As a result the newspapers express the conviction that a suspension of the conference over the Italian question will be possible and that ground for a satisfactory understanding may be found. Italy, it is pointed out, obviously intends to give Premier Orlando a free hand in dealing with her interests.

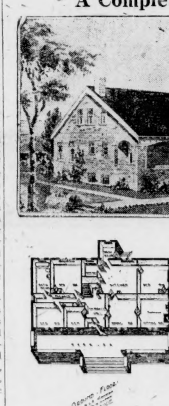

Rev. Ben Spence Fined

Toronto. — Rev. Ben Spence, secretary of the Dominion Alliance, Ontario branch, was convicted by Magistrate Kingston in the police court on charges of publishing banned literature, "The Parasite," and fined \$100 or four months at the jail house. W. E. Rance, K.C., counsel for the defense, at once intimated his intention of making an appeal and the magistrate allowed Mr. Spence a week to collect the money, if he decided to pay the fine.

Bombs in Mail

Washington. — Post office inspectors at New York city reported discovery of 12 infernal machines, put into the mails, addressed to prominent officials including cabinet officers.

A Complete Farm Home

This farm home is complete in every detail. It is designed to house the family and the hired help under the one roof, with separate conveniences for each. Attention may be drawn particularly to the two bedrooms, which are of the latest design. The feature of this attractive home will certainly have its appeal. The den shown on the left of the front entrance may very readily be used to advantage as an office by the present day business-like farmer.

Plan To Launch League Next Fall

Paris. — Plans for launching the league of nations were pretty definitely outlined at a luncheon, which Col. E. M. House gave to Sir James Eric Drummond, the secretary general of the League of Nations, and others. The plans are divided into three main stages.

First—Preliminary details, which will be worked out at headquarters established at London during the coming summer.

Second—The inauguration of the league at Washington next October.

Third—The permanent establishment of the league at Geneva next fall or winter.

The preparatory details will begin soon after the signing of the treaty of peace, and the habits of the committee designated by President Wilson's resolution before the last preliminary session of the conference.

Col. House, with a considerable staff, will remain in Europe after the conference closes and headquarters will be removed to London, which is more convenient for preliminary work.

President Wilson will fix the date of the first meeting and ask the nations to name their delegates to attend the inaugural gathering at Washington.

Paris. — A great difference of opinion prevails in conference circles as to the effect the compromise in the Kiaochow controversy will have in the far eastern affairs. The Japanese delegates are pleased over the transfer of German rights and property to them and say the agreement virtually carries into effect the provisions of the China-Japanese treaty of May 2, 1915.

The Chinese withhold any statement, pending the issuance of the actual wording of the agreement to be included in the peace treaty.

The owners of the railway out of Kiaochow will use special police only to insure the security of traffic and to protect the interests of Chinese, with such Japanese instructions as the directors of the railway shall elect and who are appointed by the Chinese government. All Japanese military forces are to be withdrawn at the earliest possible moment.

Balanced Value

Value, as represented in Gray-Dort Motor Cars, is a *unifier* of good qualities. *Strength* that means faithful service, free from trouble, yet sacrificing nothing of the *lightness* so essential to economy. *Beauty* unquestionable, due yet allows for every essential of good engineering. Comfort, too, both in riding and driving. And then a price kept surprisingly low by factory efficiency and big production.

You need in your car all the qualities the Gray-Dort has. And probably you need nothing more. Certainly you can get nothing more without paying very much more. The touring car is \$1245; the Gray-Dort Special—theater with added refinements and extra equipment, is \$135 extra; there are also a coupe, and a sedan. All prices f.o.b. The Red Shield Campaign

The result of the Salvation Army Red Shield campaign has been very gratifying. Owing to the epidemic of influenza and illness of many of the workers things have been much retarded.

We simply send the enclosed list of total sums as reported to us in gratitude to all those connected in any way with the campaign. The good will shown by all workers has indeed been an inspiration to us to "do our bit" in making the Salvation Army here keep up to the reputation so nobly won by our brave comrades, both men and women, overseas. Gratefully yours,

Lillie M. Bryenton, Adjutant.

Tomato Growing

Where growers of tomatoes have a suitable place for starting plants it is recommended that they should grow their own stock. By careful selection from individual plants from year to year a variety may be much improved from the standpoint of earliness, uniformity, and productivity. When sown in greenhouses, in a sunny window, or in a hot-bed the seed should be sown in boxes or flats containing three or four inches of soil. The seed is usually sown in rows about four inches apart from one-quarter to one-half inch deep, the soil firmly pressed down with the hand and made moist but not wet. When the rough leaves appear the little plants are transplanted into other flats or hot-beds about two inches apart each way. Further transplanting to about six inches apart is recommended as soon as the plants commence to crowd each other. This information is taken from Pamphlet No. 22 of the Central Experimental Farm which is available from the Publications Branch of the Department of Agriculture at Ottawa. The pamphlet deals not only with tomato culture, but mushroom culture and the forcing of rhubarb during the winter season. The soil and planting for tomatoes are fully described as well as treatment for diseases, training to the centre stem and other useful information.

Spring is Here!**Have you had your car overhauled?**

It will only be a short time until you will be giving it a lot of hard work, and you can hardly expect it to go on year after year giving you good service, without having it gone over and the wear which is bound to develop taken up.

Now is the time to have this done, so the car will be in first class shape and in condition to give you the service you expect of it throughout the summer. Let us give you an estimate on putting your car in first class running condition.

How about a coat of Paint?

We have just received a large shipment of special auto finishings which are easily applied and will prove a very durable new finish to your car. This includes dressing for the leather upholstery as well as both mohair and leather top dressing.

Banking Credit for Farmers**THE CANADIAN BANK OF COMMERCE**

invites the Co-operation of its farmer customers in furthering its efforts to give them efficient service, particularly in the matter of credits for Grain Growing and Livestock

Grain Loans: It is this Bank's policy to carry its loans to grain growers so as to enable the latter to complete the Fall work on their land, and market their grain gradually after the freeze-up.

Livestock Loans: We make liberal loans to farmers, large and small, to purchase both feeders and breeding stock, and we carry such loans so as to enable farmers to finish the stock properly for market.

Make your Banker your financial adviser and let him help you to shape your affairs, with a view to enabling you to obtain what credit you require from the Bank and to pay cash for your goods.

If, after giving your Bank Manager a full and truthful statement of your affairs, you cannot obtain the credit which you need, and to which you think you are entitled, don't make a guess against the Bank.

Instead, lay the facts before the Directors of your local Grain Growers' Association, and get them to see the matter up with your Banker—no necessity for any complaint, but rather to clear up any possible misunderstanding.

If the Directors feel that your case merits more consideration than the local Manager is disposed to give it, let them pass on the facts to the Secretary of the National Grain Growers' Association.

Let us know the matter with the Bank's chief Western representative.

Use us as a form of communication we would be only too glad to receive.

TOWN OF CLARESHOLM
NOTICE

NOTICE is hereby given that
a petition has been presented to
the Council of the Town of
Clareholm, under the provisions
of the Early Closing Act, pray-
ing for the passing of the follow-
ing by-law:

The Council of the Town of
Clareholm enacts as follows:—

(1) All Shops, the term
"Shop" meaning and including
any premises where retail trade
is carried on, excepting black-
smith shops, shall close and keep
closed their respective places of
business from 12 o'clock noon on
the afternoon of each Wednes-
day until the following Thursday
morning, beginning Wednesday,
the 4th day of June 1919, and
continuing until Wednesday the
13th day of August, included.

(2) Provided that restaurants
and shops selling refreshments
in which other trades or business
are carried on, may continue
open until 2 o'clock p.m., and
from 5:30 p.m. to 8 p.m., on the
above days for the sole purpose
of serving meals and refresh-
ments, but for no other purpose.

(3) All other places of busi-
ness except those exempt by the
Early Closing Act will be held
under the provisions of Clause
(1) of this by-law.

(4) The policemen of the
Town of Clareholm from time
to time appointed, are hereby au-
thorized and empowered to enforce
this by-law.

(5) Any person violating this
by-law shall be liable on summary
conviction, for a first offence
to a fine not exceeding \$5.00 and
costs; for a second offence, a fine
not exceeding \$25.00 and costs;
and for a third offence, a fine
not exceeding \$10.00 and costs.

Notice is hereby further given
that objections to the petition
presented to the Council praying
for the passing of such by-law
on the ground that such petition
is insufficiently signed, or other-
wise affecting the validity or
sufficiency thereof, must be filed
with the Secretary-Treasurer of
the Town of Clareholm on or
before the 2nd day of June 1919,
and that if no such objections are
filed before the said date, the
Council will proceed to pass this
by-law.

SERVICE THAT SATISFIES

A famous tractor—the Fordson

THE Fordson tractor has at-
tracted the attention of every
civilized country. It is used
by thousands in Europe today. It
has shown the way to make farms
produce more—in every country—
and of every size.

Built right—simple, durable,
economical, easy to operate—easy

to care for; the Fordson fulfills
every requirement. It will make
your farm a more profitable invest-
ment—will take worries off your
shoulders.

Burns kerosene—all gears are
enclosed. The Fordson is built es-
pecially to meet the need for a
tractor which must be cared for by
the operator himself.

Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the
result of using the Oliver No. 7 Plow especially designed for the
Fordson tractor. Trash and weeds are buried at the bottom of
the furrow; the stop device maintains an even depth of furrow.
It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver
plow.

"ROPED"

Story and scenario by Eugene
B. Lewis. Directed by Jack Ford.
Cast: Cheyenne Harry, Harry
Carr; Aileen, Neva Gerber; Mrs.
Judson-Brown, Molly McConnell;
Ferdie VanDugan, Arthur Shir-
ley; Butler, J. Farrell McDonald.
At the Rex Theater, Monday
and Tuesday, May 12 and 13.
Cheyenne Harry, millionaire
cattleman, decides that he needs
a housekeeper for his palatial
ranch-house. His cowboys think
differently. They decide that he
needs a wife and set out to get
one for him after their own pre-
ference in wives.

Advertising in a matrimonial
paper for a suitable wife, they
receive an answer dictated to
pretty Aileen Judson-Brown by
her fortune-hunting mother.

Harry arrives at the Brown
home with his cowboys and mar-
ries Aileen. In time a baby is
born. The little one becomes
Harry's greatest joy and hus-
band and wife live together in
complete happiness. Then mis-
ma steps in with social ambi-
tions and tries to wreck their home to
the benefit of a lounge-lizard
whom she has picked out as a
better husband for Aileen because
of his social position.

Harry returns from a business
trip to find that Mrs. Judson-
Brown has gone away with Ail-
en and their baby. Through a
butler of the "faux fin" type, Har-
ry learns of the baby's where-
abouts. With the butler he locates
the place, forces the man into
charge of the child to confess,
and recovers his baby. He
stands the lounge-lizard on his
oblique head and starts for the
Grand Canyon of the Colorado
on a belated honeymoon.

Died of Exposure

Lomond, May 6.—The dead
body of Douglas McArthur, a
well known and respected far-
mer here, was found between town
and Lake McGregor, lying on the
road behind his water tank. The
old man who was 63 years of age
or over, left Friday afternoon to
get a tank of water out of the
lake and was returning when he
was overtaken by the storm. He
was unhitched his team when he
lost the trail and progress was
useless. The general opinion is
that he died of exposure.

Mr. McArthur was well known
around Clareholm, having for-
merly been a resident of this
district.

Died

Rachel Minnie, the 9 months
old daughter of Mr. and Mrs. M.
Matson, died last Saturday after
being sick about one week. The
funeral took place on Tuesday
from the home, interment being
made in the Highland Cemetery
five miles east of Clareholm.
The service was conducted by
Rev. H. G. Falland who took for
his text these comforting words:
"Precious in the sight of the Lord
is the death of his saints."
Misses Alma Jahn and Nora
Berg sang, "Beautiful Isle of
Somewhere."

The many friends present and
the beautiful floral tributes be-
speak the sincere good will and
sympathy of the community for
the bereaved family.

Last week's blizzard seems to
have been at its worst around
Calgary and north and east of
that city. Hundreds of cattle
and horses are reported to have
perished in the storm at Chester-
mere Lake, Cheadle, Langdon,
Shepard, Gleichen, Irricana, Ac-
me, Beddington, Aldrie, Cross-
field, Carstairs and Didsbury.

"In a demonstration at Mart-
insville this week in which nine
machines took part, the Moline
Universal finished its land of one
and one-third acres five minutes
ahead of its nearest competitor,
and each tractor was pulling
three plows instead of two as for
us. The official time showed that
it plowed an acre in fifty and one-
half minutes, at a cost of fifty-six
cents per acre for fuel."—General
